## Data Protection & Your Medical Records

*This practice is a trusted community governed by an ethic of privacy and confidentiality.*

### We Collect & Use Your Data To:

- Provide you with safe, effective medical care
- Communicate with other healthcare providers involved in your care
- Meet our legal and professional obligations
- Support public health (e.g. immunisation, disease notification)

### Your Rights Under GDPR:

- Access: request a copy of your records
- Rectification: ask us to correct errors
- Object: to certain types of data processing
- Complain: to the Data Protection Commission

### We use AI to help your doctor prepare clinical notes.

Your consultation is NOT recorded. The AI assists only after your appointment.

**You can opt out at any time — just ask at reception.**
